

Universal Series[®] and Other Filter Housings

Our Filter Housings are a Perfect Fit

Allegheny Bradford manufactures a wide variety of filter housings to meet your specifications and designed for use in a variety of industries including electronics, pharmaceuticals, food, dairy, beverage and chemical.

Universal Series® Housings

Our Universal housings feature our unique universal 226 Code 7 cartridge lock that accepts most major cartridge brands. Available in sizes from one-round to more than 200 rounds, these housings are a perfect fit.

Other Housings

Our Opti-Clean® housings feature the universal 226 Code 7 lock and offer enhanced drainability and cleanability. See our Opti-Clean® brochure or website.

ABC also provides an extensive variety of housing styles including:

- Membrane
