

ALLEGHENY BRADFORD CORPORATION

Custom Tanks & Vessels Food, Dairy & Beverage Industry

Custom tanks and pressure vessels from Allegheny Bradford are ideal for the food, dairy & beverage industry. We design and fabricate tanks and vessels with the outstanding quality that you expect from Allegheny Bradford at a competitive price.

All Allegheny Bradford custom tanks offer the following:

- Custom design: we know that every application is unique, so we design each tank individually, so you never have to adapt your processing operations to our products. You determine the specifications to meet your requirements.
 - * Our sizes range from 15 liters to 90,000 liters with a diameter of 14 feet
 - * Materials including stainless steel and other nickel based alloys
 - * Certified ASME coded vessels
- New state-of-the-art facility: our new facility increases our capacity and expands our capabilities for large tanks and large tank skids.
 - * Additional 50,000 square foot facility with 30 Ft. under the hook & 20-ton capacity
 - * State-of-the-art FAT utilities and equipment
 - * Dedicated conference rooms and secure loading area for truck shipments
 - * Multi-facility campus allows you to buy all your stainless steel processing equipment from one company
 - * Expert project management & dedicated project teams
 - * Experienced engineers with the attention to detail
